PROFESSIONAL SUMMARY

Experienced Full-Stack Developer with over 3 years of expertise in designing and developing high-performance web applications. Specializing in Node.js, React.js, and scalable architectures, I have a strong background in backend and frontend development, API design, and cloud deployment. Passionate about building secure, efficient, and maintainable software solutions, I thrive in collaborative environments that emphasize innovation and performance optimization.

EXPERIENCE

Senior Node.js Developer

****Anspire Agency** | May 2023 – Present**

- Lead the backend development of scalable web applications, ensuring high performance and security.
- Architect and implement RESTful APIs, improving system efficiency and data integrity.
- Collaborate with frontend teams to integrate seamless user experiences.
- Optimize database structures and queries using SQL and MongoDB for enhanced data processing.
- Mentor junior developers, conducting code reviews and knowledge-sharing sessions.

Software Engineer

****Freenet (Remote, Germany)** | Oct 2022 – Apr 2023**

- Developed and optimized key application modules, contributing to an efficient software ecosystem.
- Conducted in-depth debugging and troubleshooting to enhance system stability.
- Worked in a distributed team, ensuring smooth software releases and performance improvements.

Full-Stack Developer

****Consulta** | 2021 – 2022**

- Designed and developed a comprehensive client management system with React.js and Node.js.
- Built and maintained robust authentication and real-time communication features.
- Implemented scalable APIs and database solutions to support business needs.

- Ensured system security and data integrity through best coding practices and performance optimizations.

TECHNICAL SKILLS

- **Backend:** Node.js, Express.js, PHP, Laravel, SQL, MongoDB
- **Frontend:** React.js, Next.js, Redux, HTML, CSS, JavaScript, TypeScript
- **Others:** AWS, Socket.io, REST API, Git & GitHub, Design Patterns, Problem Solving, Object-Oriented Programming (OOP)

CERTIFICATIONS

- Advanced Full-Stack Web Development – Udacity
- React Development Cross-Skilling – Udacity
- Front-End Web Development Professional – Udacity

ADDITIONAL INFORMATION

- Strong problem-solving and debugging skills.
- Experience leading and mentoring development teams.
- Passionate about performance optimization and scalable system design.
- Adept at working in Agile environments and remote team collaboration.

EDUCATION

Faculty of Commerce, Tanta University, Egypt
Bachelor of Accounting | Sep 2019 – May 2023
Grade: Good
